

## My Manifesto

My name is Aideen. I would love to be your school councillor because I would speak out loud to Mrs Cassidy and tell her your messages and ideas.

I could ask to add some new equipment or maybe have a movie fun day in school where you wear your own clothes and bring in sweets and crisps. That day we would have no homework. I would also add any of your suggestions. That was my speech. Thank you for listening.

Please vote for me.
