

My Manifesto

By Aimee Murtagh P5

My name is Aimee and I am 8 years old and this is my manifesto. As student councillor in Carrick Primary School I will do after school baking and to make sure there are no bullies and always to use kind words. The reason why this is important to me because I want to make this school the best it can be and to give everyone lots of entertainment. In this school I think the teachers should get longer lunch and we get shorter homework. I have one more idea if you are going to football you could keep your gear on all day.

I'm caring for Carrick!
