

MY MANIFESTO

Hi, I'm in Mr. Murdock's P.7 class and this year I'd love to be in our school council. I have a few ideas that could help change our school for the better! Here's a couple:

AFTER SCHOOL CLUBS:

- Reading club - To help students express their feelings about what they read.
- Baking club - To let students be creative through food.
- Science club - To let students experiment and explore the world of science.

FUNDRAISING EVENTS:

- Superhero Day - Students can dress up and do super-deeds.
- Summer Fair - Each class has their own stall and are given a chance to run business.
- Tidy the community - Students learn to take time to look after the places around them.

NEW EQUIPMENT:

- Redecorate our buddy bench and get a new one for the back playground.
- Gymnastics equipment Eg: An air track, low balance beams and horizontal bars.

I would be a great school councillor because I'm an open minded person and I will make sure everyone's voices are heard.

MOST IMPORTANTLY:

I hope to make our school an even better place!
