

My name is Olivia Devlin and I am in Primary 4. My teacher is Miss Keenan. I would be delighted to be chosen as a school council member because I am a good listener and I would love to listen to other people's ideas. I am very, very kind. I love working hard and I love helping people.

If I were selected to be in the school council, I would love to make up more clubs like a story and comic club where people can make up stories and comic books and also share any ideas that they have. I would also like to make up a gymnastics club for P4, P5, P6 and P7s to go to after school and want to make sure there are no fighting, no pushing, no hitting and no bullying. I am a very good listener. I love reading. I really do adore it. I am very confident and would love the chance to be in the school council.
