## School Resourcing Policy

March 2016

## Carrick Primary School

### Vision Statement

Forward Together: "Ar aghaidh le cheile"

### Mission Statement

In Carrick Primary School we aim to provide a safe, caring and stimulating environment, in which to realise and celebrate the academic and non-academic potential of all our pupils. We expect our pupils to work hard and for parents to assist us in laying the important foundations for future learning. We recognise that children have a detailed and an intimate knowledge of our school's provision and processes, particularly teaching and learning. We will draw upon this knowledge in order to make improvements.

### Carrick Primary School's Aims

**In our school we aim to:**

- Develop and strengthen each pupil's understanding and love of Catholic values by promoting the Catholic ethos throughout the school;
- Create a safe, enjoyable learning environment in which effective learning is facilitated and quality teaching is provided;
- Implement all aspects of the Northern Ireland Curriculum;
- Help our pupils to develop a positive attitude towards life and a love of learning;
- Value, respect and nurture every child in our care;
- Encourage pupils to respect themselves and others and to support and care for one another;
- Equip our children with the necessary life skills to enable them to participate in a fast changing society;
- Endorse the United Nations' Convention on the Rights of the Child and work towards the implementation of policies and practices which reflect the Convention; and
- Involve the parents, Board of Governors and wider community in the life of the school and in the holistic development of the children in our care

Carrick Primary School  
School Resourcing Policy

In Carrick Primary School, the requisitioning of resources reflects the School Development Plan and the priorities which are identified within it and within the teachers' and coordinators' Action Plans. It also reflects the budget situation at any given time.

The Principal accesses support and guidance in relation to the budget from LMS Personnel on a regular basis and monitors the budget on a monthly basis using the online information. At each Board of Governors' Meetings, the Principal provides a budget update. The Governors monitor the budget closely. Any minor requisitions are presented to the Governors and approval is sought from the Governors for any proposed major requisitions. When the budget permits it, teachers are asked to complete a requisition for their class for the next school year. In addition, coordinators are allocated money where required, to "top-up" resources for their subject/area of coordination.

In terms of curriculum development, money has been spent on the following areas since 2014:

- Classroom Resources;
- Measures Resources;
- Comprehension Resources;
- Rights Respecting Schools Resources;
- World Around Us/ICT Project Resources;
- Training for staff in relation to school priorities;
- Substitute cover to facilitate curriculum planning by teachers and by coordinators; and
- Substitute cover to facilitate the development of school priorities (see School Development Plan).
